1. Target market for this product

Target market

The retail clients for whom this product has been designed are individuals who:

- want a term loan to finance or refinance the acquisition of residential property for the purpose of it being used as a residential investment;
- want to make principal and interest payments over the term of the loan;
- want certainty of a fixed interest rate and fixed repayments for a fixed rate period, with limited ability to make additional repayments without incurring an extra charge;
- may want access to other features and benefits (such as linked offset account);
- can afford the loan;
- can provide the residential property as security for the loan; and
- have been validated as holding Qantas Frequent Flyer membership at the time of their application.

Product description

A Qantas Money Residential Investment Principal & Interest Home Loan (Fixed Rate) is a term loan (up to a maximum term of 30 years) which is used to finance or refinance the acquisition of a residential investment property. A fixed interest rate applies to the home loan for a fixed period. After the end of the fixed period, the retail client can set a new period (if no new period is selected, the home loan will convert to a variable interest rate). Retail clients have limited ability to make additional repayments without incurring early repayment costs. Retail clients can also access other features. Regular principal and interest repayments are required over the term of the loan.

Product key attributes

The key attributes of this product that make it likely to be consistent with the target market described above, include:

Attribute	Appropriate for
Term loan	Retail clients that want to repay their loan over a medium to long term period (minimum 10 years up to a maximum of 30 years).
Residential Investment	Retail clients who will use the residential property acquired with the loan as a residential investment residence. This product may not be suitable for retail clients who will use the residential property to live in as a principal place of residence.
Minimum Loan Amount	Retail clients who want to borrow a minimum amount of \$300,000.
Regular repayments of principal and interest	Retail clients make regular scheduled principal and interest repayments over the term of the loan. Retail clients can choose from weekly, fortnightly or monthly repayment frequencies.
Fixed interest rate	A fixed interest rate means the interest rate will remain the same for a nominated period. At the end of the period, the retail client can nominate a new fixed interest rate period, capped at no more than five years and within the remaining term of the loan, otherwise the home loan will convert to a variable rate loan.
Early repayments and redraw	Retail clients who do not require the flexibility to make additional repayments of the specified cap without incurring an extra fee or charge. Ability to make additional repayments up to \$20,000 per year during the fixed rate period without incurring a prepayment fee. Additional repayments during the fixed rate period are capped at \$20,000 per year. Repayments above this cap, or changes to the fixed rate period (e.g. ending it early), may incur additional fees or charges (e.g. break costs). Retail clients can access additional repayments through the redraw function in internet banking (1 repayment amount is preserved and not accessible).
Access to other features	Retail clients who may want access to other features (including a linked offset account) and are willing to pay additional fees or charges to access them (offset feature and pricing is subject to product selected).
Security over residential property	Retail clients that can use the residential property they have acquired with the loan as security for it.
Qantas Frequent Flyer membership	Retail clients who have been validated as holding Qantas Frequent Flyer membership at the time of their application.
